

BIOCHEK[®] - NAHS

Benzethonium Chloride Topical Solution USP 0.2% w/w

**NON-ALCOHOLIC
HAND SANITIZER**

Contains:

Benzethonium Chloride USP 0.2% w/w
Purified Water IP.....qs

Directions for Use:

- Use undiluted.
- Dispense sufficient quantity into the palm of hand, and apply thoroughly over clean, dry hands and nail grooves for 30 seconds.

Salient Features:

- Effective hand sanitizer containing no alcohol
- No water or rinsing needed, just rub in and let dry
- Fast-acting - kills 99.99% of most common germs within 15 seconds
- Contains emollients to moisturize and prevent dry skin
- No added dyes or fragrances
- Non-flammable, no medicinal odor
- Ideal where a non-alcohol sanitizer is desired

Precautions:

Avoid direct contact with eyes. Stop use and ask a doctor in case skin irritation or redness occurs and persists for more than 72 hours. Keep away from children. Store in a cool place, away from heat and light
