

HOSPAL[®]

BLOOD STAIN REMOVER

for removing Blood Stains from Fabrics

Hospal-Blood Stain Remover is a highly effective stain removing agent for stubborn blood spots on fabric. It acts on spots, loosens its adhesion to the fabric and a subsequent detergent wash with **Hospal Linen Disinfectant** for fabrics gives optimum results.

Composition: **Hospal-Blood Stain Remover** is a specially formulated anionic blend of organic surfactants, compatible with mild acids, alkalies as well as hard water.

Directions for Use:

Spray **Hospal-Blood Stain Remover** directly onto the blood stained area. Allow to act for 10 minutes. Sprinkle with water and use brush to remove any stains. Rinse thoroughly with water. Launder as usual afterwards using linen disinfectant.

Note:

1. Wash hands after using **Hospal-Blood Stain Remover**
2. Do not use bleach / oxidizing agents for disinfecting laundry
